

**Press Release**

**08 November 2022**

## **Eurasia Window, Door and Glass Fairs will be open for visit from 12 to 16 November**

**The 23rd Eurasia Window, 14th Eurasia Door and 12th Eurasia Glass fairs will be simultaneously held at the Tüyap Istanbul Fair and Congress Center between 12 and 16 November.**

**These fairs, which enable firms to establish new trade contacts by bringing the 3 key sectors of the construction industry, are expected to attract more than 375 firms and firm representatives and more than 60 thousand visitors from 20 countries.**

The Eurasia Window, Door and Glass Fairs, which are included among the largest and most prestigious industrial events in the region, will be held once more at the Istanbul Tüyap Fair and Congress Center between 12 and 16 November 2022. The fairs will be held with the support of the Republic of Turkey Ministry of Trade and in collaboration with the Entrepreneur Aluminum Industrialists and Business People Association (GALSIAD), Window and Door Sector Association (PUKAD) and Window Producers Quality League Association (PUKAB), and accommodate more than 60 thousand visitors from many geographies, including especially the Balkan countries, Middle East, Turkic Republics, Eastern Europe, Central Asia and North Africa.

### **Aluminum Special and Shading Special Sections of the Eurasia Window Fair 2022**

The 23rd International Window, Window Shade, Facade Systems and Accessories, Profile, Production Technologies and Machinery, Insulation Materials, Raw Materials and Auxiliary Products Fair will bring together leading firms in the industry operating in the fields of window manufacturing machinery and technologies, window profiles, profile manufacturing machinery, window mechanisms, window side industry, facade systems, insulation materials, raw materials and auxiliary products with numerous industry professionals with decision-making authority from more than 100 countries.

The "Aluminum special" section within the Eurasia Window Fair will be populated by firms operating in the fields of aluminum windows, profile, facade systems, aluminum accessories and manufacturing machinery, while the "Shading special" section will accommodate firms operating in the fields of shading, protection and closure systems.

## **The Eurasia Door Fair and the Eurasia Glass Fair will be held for the 14th and 12th time, respectively**

At the Eurasia Door Fair, also referred to as the International Interior Door and Door Systems, Lock, Panel, Board, Partition Systems and Accessories Fair, leading manufacturers of interior door and door systems, lock, panel, board, partition systems and accessories will exhibit their products and services.

The Eurasia Glass 2022, also known as the International Glass Products and Applications, Production-Processing Technologies and Machinery, Auxiliary Products and Chemicals Fair, will showcase glass products and applications, production-processing technologies and machinery, auxiliary products and chemicals.

## **The strength of physical fairs combined with the benefits of the digital world**

During the fairs, which will be held both as a physical event in a hybrid format, exhibitors and visitors will be able to get together, set meetings and communicate with each other in a digital environment via Tüyap's Business Connect Program, and they will be able to maintain their communications through this platform. The Business Connect will enable exhibitors and visitors to view online profiles of each other prior to the fair and to submit requests for both on-site meetings and make video calls during the fair.

## **Free online invitation**

The fairs will be open for visit between 10:00 A.M. and 06.00 PM from 12 to 15 November and 10:00 A.M. and 05:00 P.M. on 16 November. Visitors can get their e-invitation for free and find detailed information about the fairs and exhibitors by visiting [www.eurasiawindowfair.com](http://www.eurasiawindowfair.com), [www.eurasiadoorfair.com](http://www.eurasiadoorfair.com) and [www.eurasiaglassfair.com](http://www.eurasiaglassfair.com).

For **security reasons**, people under the age of 16 will not be allowed to enter the fair area.

**About TÜYAP:** Tüyap was founded by Bülent Ünal in 1979 as the first fair organization company of Turkey. Pioneer of the fair organization development in Turkey, Tüyap Fair Organization Group has organized 1827 domestic fairs and 200 foreign fairs in 39 countries since the day it was founded. During the past 42 years, Tüyap served 337,913 firms from 127 countries and hosted 67,133,226 visitors from 213 countries at the fairs it organized. The company, which organized the first Turkish export products fairs in China, Russia and Africa, still organizes Turkish participation to an average of 10 foreign fairs every year. Tüyap is the only private sector fair organization company which has its own fair center in Turkey. With its professional staff and the long-term collaborations with more than 100 trade bodies, Tüyap organizes specialty fairs thanks to the 6 fair centers owned and operated in Turkey and the international offices owned in 4 countries. Tüyap has been organizing the fair with the "Health First for Trade" motto in the new period, and with the responsibility of being the first fair organization company to get TSE COVID-19 Safe Service Certificate by completing the conditions of Turkish Standards Institution's COVID-19 Hygiene, Infection Prevention and Control Certification Program, continues to organize hybrid fairs by also using its digital resources.
